

## Tualatin High School 2019-20 Campus and Parking Updates

- For the start of the 2019/20 school year, there will be still some construction impacts to our available parking. We will have a limited amount of parking available for **seniors only** on campus this year. We are working with neighboring churches to expand the parking options for students, and will get that information out to students and families as soon as possible.
- Until the sidewalk repairs on Boones Ferry are complete, there will be **right turns only** out of either lot. Also, note that the construction impacts the entrances so please use caution as you enter and exit the lot.
- A parking pass costs \$50 and must be used only on cars registered to students or their parents. (Parking fees pay for cleaning and improving the parking areas and help to fund security.) Wheel boots may be used when students violate parking rules and regulations. To have the boots removed, the student must pay a \$30 fee to Student Services. Further violation will result in towing of vehicle.
- **Student parking** will be limited to portions of the South Lot. A valid Tualatin High Parking Pass will be required to park in this lot. **Please note that for safety reasons, the traffic pattern is now one way only around the edges of the lot.** *We predict that exiting the parking lot in the afternoons will take an extended period of time. For that reason, we encourage students to carpool, plan ahead for delays, or ride the bus.*
- Our expectation is that students demonstrate good parking lot etiquette: driving slowly, yielding to pedestrians, not leaving trash in the lot, obeying traffic signage, and exercising patience when leaving the lot in the afternoon. **Be aware that many of the neighborhoods close to the school have permit only parking.** A City of Tualatin ordinance forbids students from parking in those neighborhoods. Any students that park in this area will be subject to being towed.
- Parent drop off and pickup will be in the North Lot; to alleviate some of the traffic backup, *we request that parents wait until 3:20 for pickup if at all possible.*
