### HOST A SOCCER COACH PROGRAM:

We invite all families to participate in this unique program. Families have the opportunity to host our professional coaches working on the camps in your community. Over the years the 'Host A Coach' program has been hugely successful.

Our coaches have the opportunity to enjoy and appreciate the American lifestyle and have nothing but great things to say about the fabulous hospitality they received. Host families benefit by learning about the British way of life, it's cultural differences and enhancing their soccer education. The differences of our language and backgrounds, combined with the love of soccer ensure a memorable week and long lasting friendships for everyone.

For more information or to register to host a UK International coach, either contact your local Regional Director, call the office at (855) UK SOCCER or go to our dedicated webpages: [www.uksocca.com/newhtml/hostacoachonline.html](http://www.uksocca.com/newhtml/hostacoachonline.html)

### OUR 'INSPIRE' CURRICULUM & HOME LEARNING:

The Inspire Curriculum not only teaches children how to improve as a soccer player, it also helps them to achieve their goals off the field. Inspiring children means giving them two things:

1. Self-belief (intrinsic motivation)
2. Tools (behaviors) to improve and be successful

#### The WANT and the HOW to be great...

The methodology our professional coaches follow teaches soccer skills AND develops social (motivational) and self-improvement behaviors in each session. Social, friendship, team and esteem skills are fostered and taught, so creating an environment that is nurturing and intrinsically rewarding for the children; thus enhancing their enjoyment and motivation to participate. Preparation, Focus, Execution and Evaluation behaviors are improved, giving the child the structure and foundation to enhance their abilities in soccer and any other desired activity on and off the field.

#### Inspire and the Family

To help us provide the child with the optimal (holistic) soccer experience, parents are given an interactive checklist of our soccer, behavioral and social objectives for each day at the camp along with 'Home Learning'. Parents are encouraged to participate in the program and extend their child's learning to the home.

#### Here's a parents view on our Inspire Curriculum...

"I am impressed and really like that with this form you are including parent participation each day with our children. I believe this is so important. Most all of the summer camps that we have gone to, do not. In fact other than what my children tell me about camp... I really have no idea what (ALL) they have been taught. : ( Thank you for providing this information for each day and encouraging parent/child interaction each day after camp to talk about what was learned each day!" : ) ~Warm regards, Joyce
