You will be asked to play **any** Major or Relative Minor scale. These do not need to be memorized, but it would be best if they were.

You will also sight read a short piece, about 20 measures.

WE Auditions will be during 2nd lunch or after school, by reservation, and will take approx. 10 minutes.

Some students have already auditioned without knowing it...I am always listening and evaluating and planning. If you are one of them, I will let you know.

Middle schoolers- I will come over and listen to you during your class time.

Audition Tips

Irving wants you to do well, so prepare well.

Eligibility depends on openings based on instrumentation, Balance of group, Musical Ability, Work Ethic, Attitude.

Do not get discouraged. Many of the auditions may result in the words "not yet". Keep working toward the goal. Getting better takes time and work.
